Summer 2016

DASH PASSES EIGHT MILLION DOWNLOADS

Users from every country on earth combined to download over 8 million works of Harvard scholarship from DASH, Harvard’s open-access repository, since its launch in 2009.

The Office for Scholarly Communication (OSC) spearheads campus-wide initiatives to open, share, and preserve scholarship. With support from OSC, open-access policies are now in place at all Harvard University schools. OSC also runs supporting programs, such as DASH, the Copyright Advisory Program, ETDs @ Harvard, and the HOPE Fund.

I'm a PhD candidate in Spain, I want to express my gratitude to Harvard for sharing this, and other papers, which are absolutely fundamental for my research activities.
