Erratum to:
DOI 10.1007/s40037-015-0220-x

In the version of the article originally published online, there was an error in Table 3 (page 312). The B coefficient for the variable “Anki” should be $5.89 \times 10^{-4}$ rather than $5.89 \times 10^{-3}$. The exponent is correctly reported in the body text (page 311).
