Erratum to:

Perspect Med Educ (2015) 4:308–313

DOI 10.1007/s40037-015-0220-x

In the version of the article originally published online, there was an error in Table 3 (page 312). The B coefficient for the variable “Anki” should be 5.89×10^{-4} rather than 5.89×10^{-3} . The exponent is correctly reported in the body text (page 311).
